## **ATM EXPRESS ADDS 10,000 ATMs TO CREDIT UNION 24 NETWORK**

Tallahassee, Fla. - Credit Union 24 today announced an agreement with ATM deployer and driver ATM Express, Inc., that will add more than 10,000 ATM locations to the Credit Union 24<sup>®</sup> Network. The relationship between ATM Express and Credit Union 24 will bring CU24's 15 million cardholders to ATM Express terminals, and will allow CU24-member credit unions access to a total of more than 75,000 ATMs across the country.

"Credit Union 24 is very pleased to team up with ATM Express, as it bolsters our commitment to continuously expand cardholder points of access," said Jim Park, Credit Union 24 president and CEO. "More access translates into more value for member credit unions, especially when new access points include a wide array of convenient, off-premise ATM locations."

The agreement will also help boost transaction volumes for ATM Express and its acquirer business partners. "It's a win-win for both organizations," said ATM Express President Marty Ambuehl. "Adding Credit Union 24 as a network connection brings a significant number of new cardholders to ATM Express terminals, and at the same time gives CU24 cardholders access to their accounts in more locations."

ATM Express, Inc., headquartered in Billings, Mont., is a single-source ATM deployer and processor, driving more than 10,000 ATM locations nationwide. As a full-service provider of electronic payment processing services, ATM Express supports the individual objectives of its business partners with custom-fit ATM solutions, lease financing, real-time Internet data processing and reporting, and reliable, 24-hour technical support.

Credit Union 24 is a strong, flexible, member-owned, full-service ATM and POS network that offers ancillary electronic funds transfer (EFT) products, 23 EFT processor links, hundreds of thousands of POS terminals and 75,814 ATM locations throughout the United States. Founded in 1981, The Credit Union 24<sup>®</sup> Network — a growing and independent vehicle through which participants control their own EFT pricing while maintaining ATM and POS access to credit union members — is the largest credit union-owned POS network in the country, and is headquartered in Tallahassee, Florida.
