## **Credit Union 24 Board of Directors Elect New Chairman, Vice Chairman**

**TALLAHASSEE, Fla.** – December 19, 2011 – Credit Union 24, the country's largest credit union-owned ATM and point-of-sale (POS) network, announced today that its Board of Directors has elected Bradley Blake, President and CEO of Florida State University (FSU) Credit Union in Tallahassee, Fla., as its new Chairman of the Board, a position vacated by Mansel Guerry.

Joan Nolan, Vice President of Operation Support at IBM Southeast Employees Federal Credit Union in Boca Raton, Fla., has also been elected to serve as Vice Chairman of the Board. Becky Hulett, CFO of 121 Financial Credit Union in Jacksonville, Fla., remains Secretary/Treasurer of the Board.

"For the past five years, Bradley has been a very influential member of our Board of Directors," said Jim Park, President and CEO of Credit Union 24. "Bradley has been involved in all of our network's major decisions during the past few years that have culminated into the high level of product and service offerings that we deliver to our participants or are planning for the future. The Board, our senior leadership team and our employees have great confidence in Bradley and his future leadership of our credit union-owned network."

Blake previously served as Vice Chairman of the Credit Union 24 Board of Directors for two years, and served as Secretary/Treasurer the year prior. A 17-year veteran of the credit union industry, Blake started his credit union career as a part-time teller at FSU Credit Union and has since worked his way up to President and CEO, a position he has held for nearly a decade.

"In these challenging economic times, I am honored to serve Credit Union 24 as Chairman and work with the Board of Directors and staff to meet the needs of credit unions across the country as a trusted partner in delivering EFT services," said Blake. "I've worked alongside my fellow Board Members for several years now and we are all committed to ensuring that the decisions we have collectively made are generating the positive effect intended for our participating credit unions, which includes the current conversion to FIS. The conversion is moving along very smoothly and once complete, our participants will have a new, expanded set of financial product and service offerings to help them be more competitive in the marketplace."

**About Credit Union 24, Inc.**

Credit Union 24 is a credit union-owned, full-service EFT network that brings nationwide ATM and point-of-sale (POS) access to credit unions. Founded as a credit union alternative, Credit Union 24 offers a flexible, cooperative EFT environment designed to empower credit unions to attract and retain members. Credit Union 24 is the only national credit union-owned POS network. Credit Union 24 also counts 250,000 ATM locations nationally and internationally, many of them deposit-taking, and offers the nation's largest surcharge-free ATM access with over 65,000 locations.
