## **Richmond, Va.-based Cadmus Credit Union Joins Nation's Largest Credit Union-Owned Fee-Free ATM and POS Network**

**TALLAHASSEE, Fla.** – December 12, 2011 – Credit Union 24 announced today that Cadmus Credit Union, based in Richmond, Va., has joined the nation's largest credit union-owned fee-free ATM and point-of-sale network. Cadmus Credit Union now provides its members with access to thousands of free ATMs and hundreds of thousands of point-of-sale terminals at major merchants nationwide, giving members unprecedented access to their funds.

"Partnering with Credit Union 24 provides a tremendous boost to the level of service that we deliver to our members," said Jim Winkler, president of Cadmus Credit Union. "Now, our members have extensive fee-free access to their checking and savings accounts via ATMs and at merchants nationwide, which is typically a hallmark of much larger financial institutions. We are a small financial institution and are now much more competitive with larger institutions, even surpassing some of the largest in our area as it pertains to financial access."

Cadmus Credit Union is a member-owned, non-profit financial institution that was established by the employees of William Byrd Press, Inc. in 1951. Today, Cadmus Credit Union has more than 750 members with assets of more than \$2.4 million, and provides services that meet the specific needs of its members, including free notary services, disability insurance, Christmas and Vacation Club Accounts, and share and draft accounts, in addition to a variety of loans.

"We are proud to partner with a credit union that embraces the foundation of the credit union movement by providing the specific financial needs of its members/owners and helping ensure their financial success," said Jim Park, president and CEO of Credit Union 24. "Now members of Cadmus Credit Union have the best of both worlds: local, personalized financial services that meet their needs as well as nationwide, fee-free access to those services via our credit union-owned ATM and point-of-sale network."
