Ishpeming Community Federal Credit Union Joins Credit Union 24 Network as Second Michigan Participant in Month of June

TALLAHASSEE, Fla. – July 13, 2009 – Credit Union 24, the country’s largest credit union-owned ATM and point-of-sale (POS) network, announced today that Ishpeming Community Federal Credit Union has joined its network as the second participant in Michigan in less than a month.

“Our credit union recently expanded its field of membership to serve five counties in the upper peninsula of Michigan,” said George Isola, General Manager of Ishpeming Community FCU. “Joining the Credit Union 24 network expands national financial access for our existing members as well as potential members throughout the Upper Peninsula, creating a comprehensive financial services offering when combined with the other many new services we provide.”

Headquartered in Ishpeming, Michigan, Ishpeming Community FCU has more than \$100 million in asset and now serves more than 13,000 members throughout Alger, Baraga, Dickinson, Iron and Marquette counties. In addition to the four-county expansion, Ishpeming Community FCU has also recently introduced several new online services, including a “home teller” that allows members to exercise all aspects of financial management right from home.

“Ishpeming Community FCU has established itself as a growing financial institution in the state of Michigan, and we are proud to have this prestigious credit union be the second participant in the state to join the network in such a short period of time,” said Jim Park, president and CEO of Credit Union 24. “Our partnership compliments Ishpeming Community FCU’s expansion and continual efforts to implement new ways to expand financial access and other services to benefit its members.”
