Credit Union 24 Taps Long-Time CUSO Partner, Member Access Pacific, for Credit Union Prepaid Card Program

Low-cost, customizable card solution ideal for consumers, businesses

TALLAHASSEE, Fla. – October 20, 2008 – Credit Union 24, the country's largest credit union-owned ATM and point-of-sale (POS) network, has contracted with its long-standing marketing partner, Member Access Pacific, to offer a low-cost and customizable prepaid card solution to credit unions. "MAP Prepays" is a flexible card program featuring reloadable, instant-issue and personalized cards that are not tied to a main deposit account, allowing credit union members to access and share funds securely and easily.

"It's great to see two credit union-owned CUSOs team up to offer a valuable tool for credit unions," said Jim Park, Credit Union 24 President and CEO. "MAP Prepays is a customizable solution for credit unions that want to fill their members' needs for gift cards, travel or college cards, and even payroll or incentive cards for their business members. The program's flexibility and low cost makes it a good fit with credit unions' expectations of Credit Union 24 offerings."

The MAP Prepays cards feature near universal acceptance worldwide and come with 24/7/365 call-center support. Credit unions can choose from a large number of pre-designed themes or can customize the look of the card with their own logo or design.

Credit Union 24 expects interested credit unions to be up and running on the MAP Prepays program in time for the upcoming holiday season.
